

In Vers

(Small village, near Cahors - a stage point on the way to Compostela)

Pure destiny or fantasia?
"El Camino" brings me to Vers...
Here we go, metromania:
I must then write this card in verse!

Vers is a place right by the Lot.
Lots of places aren't called Vers!
What flows from Vers into the Lot?
It's a river whose name is Vers!

And so in Vers reaches the Vers
The river Lot which gets bigger!
Follow the Vers and my verses:
They both flow well, like a river...
