

## **And now: a gift for you!**

*(For Cami, on the occasion of her 29th birthday)*

I wish I could find you  
The gift we all wish for,  
I wish it could make you  
Wish for "better" no more!

No sapphire, no garnet,  
Nothing simpler even,  
"Now" is what you'd get,  
A present worth Heaven!

You would seize the moment,  
This pure "Now", all its lights,  
Decide: "It's permanent,  
I need no more delights!"

But I have to admit:  
When I think I have won,  
When I think I've found it,  
This "Now" has just gone...
