

Noise and silence

(Rhythms of the passing time)

A crash and then nothing,
A sigh after roaring,
Shouting and then torpor:
Stopping of the rumor ...

Peace of the clattering,
Sparkles in withdrawing,
Helter-skelter quiet:
Silence and its racket!

Deafening muteness,
The time in full recess!
It echoes and ripples,
It's a void that cripples ...

Eternal stifling
Of a breath quivering,
A shriek under the knife:
It is death after life!
