

Terrible change!

(After a week of « Christmas shopping »)

It grows on you,
It bothers you...
Terrible change:
It does derange!

Once you try it
You cannot quit:
It is brand new,
It's good to chew!

And in the trash
Go in a dash
Many objects
Now rejects!

Christmas season:
A good reason!
Buy the latest,
Best and greatest!

Forego the past:
You must be fast...
To be in tune
You must consume!

Pods to the ears
As day appears,
Put on a cap
And run and tap...

On the keyboard
Type your password
And haste and click
It's frenetic!

Oh what a strife!
What a mad life!
Always something,
Always a ring...

Don't be sissy:
Where's your PC?
Are you global?
Where's your mobile?

For a good talk
Search the network,
"Your voice just died:
Walk outside!"

No more chit chat:
No time for that!
If you're in the fog
Just start a blog.

Waves all around
Fly and abound:
Much diffusion,
More confusion!

Inadmissible?
No: all is possible!
No black, no white:
All is quite right!

Say what you want
Much change does haunt:
Dehumanizing...
It's a sad thing!
